THE HAVEN OF GRACE

ALTERNATIVES TO ABORTION

RFP NARRATIVE

Mission

Serving women who are young, pregnant and homeless, we provide a safe, nurturing home, educational programs and long-term support for mother and child. Founded in faith, we instill hope, dignity and the pride of independence, one family at a time.

History

The Haven of Grace was established as an outreach ministry of St. Peter's Episcopal Church of Ladue, Missouri. In 1986, based on an assessment of the most pressing community needs, the St. Peter's Outreach Committee sought the help of Grace Hill Settlement House in St. Louis to begin planning for an inner-city residential facility to provide shelter and support to young, pregnant women. An existing building at 1133 Benton, which had formerly housed Grace Hill's Neighborhood Health Center, was targeted for the mission. After two years of planning by the St. Peter's group and reconstruction of the Benton building by Grace Hill with the financial support of St. Peter's, its parishioners and the Junior League of St. Louis, the doors of The Haven of Grace opened in October 1988.

By 1994, demand for the agency's services had expanded rapidly and the need to provide shelter not only for young pregnant women, but for young, pregnant mothers with small children began to emerge. Volunteers from a variety of denominations became involved with the mothers served by The Haven, a welcome addition by the board of directors; thus, The Haven became an ecumenical ministry, shifting from exclusive support by St. Peter's to a broader base of community-wide support. As community support of The Haven's mission continued, the agency grew independent of Grace Hill and began preparing for a facility of its own.

In 1998, The Haven established its unique Ten-Year Aftercare Program in response to the need of former residents for an on-going "family support system" and assistance in the community as they worked to achieve their independence goals.

In 2003, The Haven of Grace completed its first capital campaign and moved to a newly constructed facility at 1225 Warren Street located just one block from its original location. In addition to expanding its capacity to provide shelter for up to ten young mothers and their children at a time, the new shelter featured a library and playroom for children, computer lab, classroom, interior playground and courtyard, teaching kitchen and common areas for residents to enjoy the nurturing, family-like atmosphere afforded by The Haven.

In 2008, The Haven completed a second capital campaign and built The Quadrangle Apartments on the grounds of The Haven. An eight-unit transitional apartment complex, the apartments allow graduates of the Maternity Shelter to practice independent living, while building their savings in preparation for their move back into the community. In October 2014, in an effort to more fully serve the families residing in the Quad Apartments, one of the units was converted to a commons area, offering laundry facilities, a television, kitchen and meeting space. A live-in house parent who resides in one of the existing apartments oversees the new space and will soon conduct weekly community-building activities for Quad families.

Program Mission

Our goal for this program is to assist each mother we serve in strengthening the knowledge, skills and resources she needs to deliver a healthy baby, successfully parent and provide for the needs of her children, secure employment, and establish permanent housing.

Program Description

The Haven's Residential Program comprises two phases:

Phase 1 -The Maternity Shelter, offers ten, private dormitory-style rooms, a computer lab, classroom, large kitchen and dining area, a playroom and outdoor playgrounds. It also houses the administrative offices. In addition to safe shelter and balanced, nutritious meals, the program offers a comprehensive life skills program to equip mothers with the knowledge, tools and resources to work toward independence and self-sufficiency. Through individual coaching & case management, and in classroom settings, mothers learn about seven essential focus areas Housing, Independent Living (home maintenance and financial literacy), Parenting, Physical and Emotional Health, Education, Employment and Character Development.

At in-take, mothers participate in mental health, life skills, and educational assessments, helping our programs team to determine priorities in serving each client. In weekly case management meetings, mothers set and work toward personal goals in the seven focus areas. They help with daily chores, obey curfew and participate in group counseling. Mothers receive prenatal care and practice positive parenting. Following maternity leave, mothers will return to work or school, and/or continue to work toward employment, education and housing goals. With the help of our case manager, mothers build a transition plan --securing their own housing; moving to

Phase 2: The Haven of Grace Quad Apartments; or moving into shared housing with family or others.

Phase 2: The Quad: Our Transitional Apartments --The Haven provides 6 furnished apartments where young mothers can continue to "work the program" to complete personal and educational goals, improve job skills, build savings and practice independent living with the helpful support of Haven staff nearby. Mothers must work, pay a low, fixed rent and participate in a matching savings program, enabling them to build the funds needed to secure their own housing once they return to the community. They may reside in the Quad for up to two years.

Once a mother graduates from the Residential Program, she is eligible for the Ten Year Aftercare Program, which offers continued case management and referrals, emergency funds, scholarships, and annual workshops. Our goal is to help families avoid a future episode of homelessness.

Program Goals for 2016-2017

- To provide for the safety and well-being of 35 young, homeless, pregnant women and their children for up to one year in the Maternity Shelter -with 80%occupancy

- To provide furnished, transitional apartments for 6-8 mothers and their children for up to two years - maintaining 80% occupancy year round
- To provide residents access to healthy foods and increase their knowledge and ability to prepare healthy meals for themselves and their children.
- To assist residents in securing and maintaining health insurance, and accessing the healthcare system; and to increase their awareness of health risks
- To assist each mother served in establishing a personal goal plan and working to achieve her goals
- To ensure each mother receives preventive healthcare education and adequate prenatal care -with 90% of babies born at a healthy weight, requiring no additional hospitalization
- To assist each mother in increasing her job readiness skills, attending career readiness training and/or attending post-secondary academic or vocational courses and obtaining or maintaining employment -with 30% of eligible residents obtaining employment, 75% of eligible residents maintaining employment and 100% developing an employment portfolio and participating in mock interviews
- To ensure mothers work toward self-sufficiency through workshops in seven focus areas: independent living, physical and emotional health, parenting, spiritual and character development, emphasizing positive parenting, self-discipline, stress management and healthy relationships.
- To ensure that residents who do not have their GED or high school diploma enroll in, and attend GED courses, with 100% of eligible clients enrolling in, and attending HiSET (GED) courses.
- To assist mothers in obtaining stable housing in the community -100% will complete a housing stability plan; 60% of eligible residents will secure stable housing
- To ensure each mother applies the life skills necessary to manage a household of her own.
- To assist each mother in the transitional apartments in building and increasing her savings, and effectively saving for her future. 100% of mothers residing in the Quad Apartments will have an increase in their savings.
- To ensure mothers enhance and apply positive parenting practices, through monthly participation with a parental support group.
- To assist mothers in the transitional apartments in developing a self-sufficiency plan and actively working to achieve those goals. 100% will create a self-sufficiency plan.

How Funds Will Be Used:

Alternatives to Abortion funds will be used to support:

1. Staff positions that are key to the program -our Transition Specialist (Case Manager and Director of Programs
3. Client transportation to and from job interviews, places of employment, job training programs and medical appointments
4. Emergency funds to assist recent program graduates with rent and / or utilities.

Budget Explanation

The submitted request budget is for support of key personnel positions vital to the success and outcomes of The Alternatives to Abortion program. The budget request is for 50% of the salary for the Director of Programs, 50% of the salary for the Transition Specialist (Case manager), \$5000 for client transportation to medical appointments, employments, education and other resources and \$10,000 for housing assistance to assist clients in maintaining and secure and stable housing.

Also enclosed is a full program budget for the program outlining our projected expenses.

Method of Performance:

The primary service location for the Alternatives to Abortion program will be at The Haven of Grace residential site at 1225 Warren. Eligible women who are continuing their pregnancy pregnant will keep their children will be given information and enrolled.

The Haven of Grace, serves young pregnant women, ages 18 to 24, who are homeless or in imminent danger of being homeless. Our clients are at or below 185 percent of the federal poverty level based on their family income. Each month, we receive an average of 40 inquiries for shelter and services from pregnant women, many of whom already have another child. Through our Maternity Shelter Residential Program, we serve between 30 and 35 young mothers each year, with approximately 40-50 babies and toddlers. 98% percent of the clients served in 2015 were African American and 2% were Caucasian. We are part of the St. Louis City Continuum of Care for Ending Homelessness and receive referrals from other member agencies and through word-of-mouth. Catholic Charities Housing Resource Center, through its Housing Crisis Hotline, makes referrals to area shelters, including The Haven. Prospective clients also find The Haven through Internet searches. Sadly, there is often a waiting list of potential residents, and we anticipate no shortage of clients.. The cultural diversity of the target clients will be address by providing various educational opportunities from diverse sources and presenters.

The women enrolled in our program are carrying an unborn child(ren) and have chosen to carry the child(ren) to term. Young women entering the Haven must agree to participate fully in the program, including participation in the assessment process. Assessments will be conducted on site at The Haven of Grace in an office with adequate space for a face-to-face meeting between client and case manager.

Following the Risk Assessment, Needs Assessment and other interviews and assessment methods used to gather pertinent information, the Case manager and resident will meet to develop the Individualized Pregnancy Continuation Plan. Both the case manager and client will develop task and goals outlined in the plan. Once the resident agrees to the plan, weekly case management begins to monitor progress toward goals. The plan will be updated and modified as frequently as warranted by client and case manager.

The case manager receives intake calls and schedules interviews with potential residents. During the interview, the case manager reviews the application, asks follow-up questions, provides a program overview and reviews guidelines and expectations. Assessments are done to gather pertinent information, then the Case manager works with the client to develop a goal plan which includes education, employment, parenting and housing plans. The case manager makes referrals to community resources as needed, ensures that mothers have a medical care provider, and are making all prenatal appointments.

The case manager and client meet each week to review progress toward set goals. Additionally, Client progress is assessed in bi-weekly Case Review meetings with Programs Staff and The Haven's Executive Director. Following the birth of their child and maternity leave, mothers continue working toward goals and program graduation. A transition plan is developed and can include a move into The Haven's Transitional Apartments. Mothers meeting graduation requirements may enroll in the Ten Year Aftercare Program. The goal plan will be updated and modified as frequently as warranted by client and case manager. The case manager will continue to meet with the clients and provide transportation, emergency assistance, and other resources as needed. The case manager generally works a 40 hour work week, but is on call if a client needs emergency services. Because The Haven of Grace operates 24 hours a day, seven days a week, the on duty staff will contact the case manager during emergency and outside of business hours if needed.

Client satisfaction is monitored through surveys at 60 day intervals and at program exit. Self-reports from clients are also welcomed. Information and data from surveys and reports are compiled by the Director of Programs and shared with the program team, Executive Director and

Program Committee. Results and information is used to govern, modify, and make alterations to all programs and services provided.

How Alternatives to Abortion Funds Increase Our Ability to Serve

Alternatives to Abortion funds will help to ensure fully-funded salaries for key staff members, minimizing staff turnover and helping The Haven to retain experienced staff members who have extensive experience working with pregnant mothers who are continuing their pregnancies to full term. Funding from Alternatives to Abortion will help to remove barriers for the low-income mothers we serve, most of whom lack medical and social supports to successfully parent and provide a nurturing environment for their families. Funding will help provide reliable transportation to travel to job interviews, medical appointments, and to community referrals. This aid helps to keep mothers and babies healthy and mothers employed -increasing their chances of securing housing in the community. Funding will help to provide emergency assistance to recent graduates of the residential program as they continue the path toward independence and self-sufficiency, helping them to avoid crisis that may lead to a future episode of homelessness for their children.

Program Collaboration

The Haven of Grace works with a number of like-minded agencies to deliver critical information, counseling and support for the women we serve. Currently, our partners include Thrive (sexual health and healthy relationships); Redevelopment opportunities for women (parenting, self-awareness, communication, budgeting, credit repair; Nurses for newborns (infant wellness checks, parental coaching); Affinia Healthcare (health check-ups, preschool enrollment); Parents as Teachers (positive parenting); Better Family Life (healthy relationships, job readiness); Imani Counseling (emotional wellness); YMCA (positive parenting and literacy); Safe Connections (domestic violence); Youth Education Services (housing alternatives, financial management, community resources) and Life Reflections (spiritual development and emotional healing).

Client Scenario

Meet Anika: Anika came to The Haven of Grace in October 2014. She was four months pregnant with a 2 year old daughter, and no place for her family to stay. Anika was referred to The Haven of Grace from the social worker at her clinic. Anika completed her intake information and risk assessment, needs assessment and domestic violence assessment with The Haven's Transition Specialist (Case manager). Together, they drafted a Pregnancy Continuation Goal plan. Anika was referred to Parents as Teachers for prenatal and parental education groups and individual visits. The Transition Specialist assisted her in making appointments that took place at The Haven of Grace. Anika met with her case manager weekly to monitor her progress toward her established goal plan. She was also provided bus tickets to get to her doctor's appointment if she did not have transportation. Soon after, she delivered a healthy son in November 2014.

Anika continued to work with The Haven's Transition Specialist and was referred to MERS/Goodwill for job training where she quickly found a permanent job at as a receptionist at a local clinic. The Transition Specialist located a safe and affordable apartment for Anika and her family. In May 2015, Anika moved into her own apartment in the community. She is also a part of The Haven's unique 10 year Aftercare Program where she will be able to continue to receive case management, access to scholarships and other benefits. Anika is very happy to have her own job and home for her family. Even though Anika no longer resides at The Haven of Grace, she returns to attend classes to continue her personal development. As of December 2015, Anika is still in her own home and is working to

save money for her first car. "The Haven helped me to get the focus I needed to make a better life for my children. I tell everyone I know about it."

EXHIBIT L**Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions**

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98 Section 98.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988, Federal Register (pages 19160-19211).

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS FOR CERTIFICATION)

- (1) The prospective recipient of Federal assistance funds certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
- (2) Where the prospective recipient of Federal assistance funds is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Instructions for Certification

1. By signing and submitting this proposal, the prospective recipient of Federal assistance funds is providing the certification as set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective recipient of Federal assistance funds knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Department of Labor (DOL) may pursue available remedies, including suspension and/or debarment.
3. The prospective recipient of Federal assistance funds shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective recipient of Federal assistance funds learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective recipient of Federal assistance funds agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the DOL.
6. The prospective recipient of Federal assistance funds further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may but is not required to check the List of Parties Excluded from Procurement or Nonprocurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the DOL may pursue available remedies, including suspension and/or debarment.
